ENTITY
Florida LLC · est. 2026

COMPANY OVERVIEW AMT Imaging Solutions LLC provides independent, on-site preventive maintenance, repair and calibration for MRI and CT systems at hospitals, outpatient imaging centers and VA/federal facilities. We offer labor-only and PM-only service options as a flexible alternative to OEM service contracts. Service and repair only: vendor-neutral, no equipment sales.

CORE COMPETENCIES

- **MRI PM, troubleshooting & repair:** GE Signa family (LX, Excite, HDxt), Discovery and Optima; Siemens MAGNETOM (Avanto, Espree, Aera, Skyra)
- **CT PM & repair:** GE LightSpeed and Siemens SOMATOM families
- **Magnet services:** superconducting magnet shimming and ramp support
- **MRI cooling systems:** cold heads, helium compressors, chillers and heat exchangers
- **Subsystem repair:** RF coil testing and repair; gradient amplifier and power supply diagnostics; RF shield diagnostics
- **Contrast injectors:** PM and repair, Bayer MEDRAD (Stellant, Spectris Solaris EP), Bracco EmpowerCTA, Nemoto
- **Install/de-install support:** technical work only (no rigging, crane or magnet moves).
- **Contract types:** scheduled PM, PM-only, labor-only and emergency/on-call service

DIFFERENTIATORS

- **Certified SDVOSB & VOSB** (SBA VetCert, eff. 07/29/2026); Florida Certified Veteran Business Enterprise (VBE). 51% owned and controlled by a service-disabled U.S. Marine Corps veteran
- **25+ years of hands-on field service:** founder has worked on MRI and CT systems since 1999
- **Multi-vendor:** GE and Siemens MRI and CT
- **Flexible contracting:** labor-only and PM-only options, no OEM service contract required
- **Owner-performed work:** the principals do the field work themselves in Florida, South Georgia and Houston, TX
- **Vendor-neutral:** service and repair only, with no equipment sales

RELEVANT EXPERIENCE: KEY PERSONNEL

AMT was founded in April 2026. The experience below belongs to its principals.

- **Mike Jackson, Founder & Managing Member (51%), Palm Bay, FL:** Honorably discharged USMC Sergeant (1993–1999); maintained sensor and ground-radio electronics. 25+ years of imaging field service since 1999 at independent service organizations: GE MRI PM and repair, superconductive magnet shimming, MRI coil and gradient amplifier repair, MRI/CT test-bay operations, chiller and cold head service. GE MRI Instructor (Signa HDxt, Optima MR450w, MR750w) and GE MRI Support Specialist. Install/de-install support: technical work only (no rigging, crane or magnet moves).
- **Antonio Jackson, Member (24.5%), Houston, TX:** about 2 years at Advanced Imaging Group repairing chillers, compressors and AC units at imaging sites and assisting field service engineers on site.
- **Candelario Juarez, Member (24.5%), Houston, TX:** Member / Field Support. Warehouse operations background in inventory, receiving, shipping and parts logistics.
