PROCEDURE:

Introduction

The intention of this FMI is to provide a delivery mechanism to the customers that require translated manuals for the operation of the LightSpeed QX/i 1.2 product. Due to the limited number of sites affected by this requirement, all of the manuals are being delivered in this kit. The required documents are to be delivered to the customer and the remainder to be disposed of.

SECTION 1.0 Documentation Delivery

From the materials list, identify the language specific set of documentation that your customer requires. Deliver this set of documentation to the customer and dispose of the unused manuals.

SECTION 2.0 FMI Completion

Fill out and return the FMI Completion Certification Report paperwork (or electronically close your FMI dispatch) in accordance with your local procedure
